## Field Technicians Needed!

### Earn extra money and serve your community!

Every election day, thousands of Ohioans contribute to their local communities and serve our county as election officials. In doing so, they play an important role in preserving democracy and safeguarding our election process.

As Delaware County continues to grow, we are constantly in need of election officials, including Field Technicians. Field Technicians (also called Rovers) are field personnel who provide technical support for election equipment and supplies. They are assigned to polling locations to:

- Ensure voting equipment is functioning properly
- Provide election day maintenance of voting equipment
- Provide any additional information or assistance that Precinct Election Officials may need

To be a Field Technician, you must meet the following requirements:

- Possess strong technical problem solving skills
- Have the ability to prioritize
- Complete tasks independently
- Have reliable transportation
- Be a registered voter

Any questions? Please contact the Board of Elections at 740-833-2080.

If you are interested in becoming an election official, please fill out and return the form to the address above by mail or in person.
